The MARXP Files

If you came here, then you're not going to be disappointed (unless you're Mario and Windows XP 2012,CharlieAndMadokaYESBanditBoobaAndDoodaNO or any dinky alts like female stuff).

Welcome to the Mario and Windows XP 2012 Files, but we'll call it The MARXP Files. This is how MARXP's reputation will end. This website has EVERYTHING we managed to scour, even is he deletes everything or if his YouTube account gets terminated. You can't hide from the truth, Mario.

From cyberbullying and hypocrism to homophobia and sending death threats, the fate of MARXP will be decided by the people that read this webpage, known as the MARXP Files.

Chapter 1 - Who's MARXP?

Mario and Windows XP 2012, also known as MARXP is a 13 year old Hispanic boy living in the USA with autism and ADHD. (the latter won't be enough to excuse the shit he's done.)
What matters though is what he did, let's go over those, as it's the real meat and potatoes.

Chapter 2 - Cyberbullying

One of the earliest atrocities that he did (and still does) is cyberbullying. While he has a "channel rule" about no cyberbullying, he still does it. "How?" you may ask, it's simple. He makes "person irl" videos, dedicated at the people that dislike him, from ragebaiters to people that dislike him for the proper reasons.
The following images are the examples of cyberbullying.

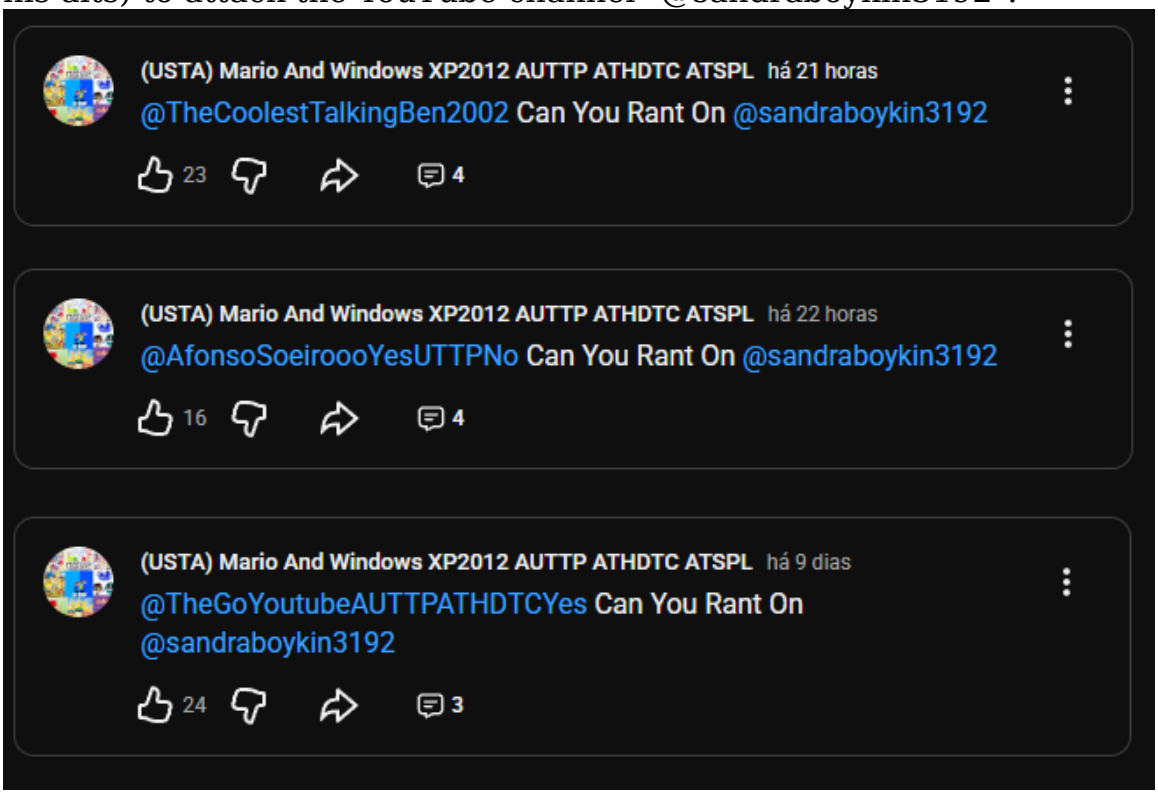
There. These are most, if not ALL cyberbullying videos/posts by MARXP. While some are directed at members of the "UTTP", it's sitll cyberbullying. Hypocritical already, considering he has a no cyberbullying "channel rule". However, cyberbullying will be explained a bit further in a future chapter. Before we continue, here's more screenshots of Mario sending his fans (and his alts) to attack the YouTube channel "@sandraboykin3192".



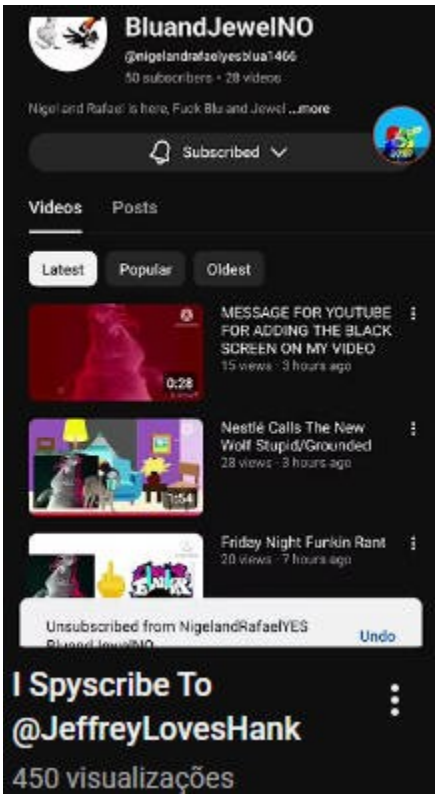
Chapter 3 - Hypocrisy

MARXP has a list of "channel rules". Let's go over them and why he's a hypocrite.

These are his channel rules as of April 12th 2026.

Simple as that. Mario is a hypocrite. You think the IRL cybebrullying videos weren't enough to convince you? Here's another bit of flavor to add to the files.
Not everything here will be explained in this chapter, but will be explained in a future chapter.
This doc will explain some of his hypocritical channel rules.
Rules 1-6 are hypocritical, MARXP breaks them daily.
He has been reporting the people he hates to silence them, he's been making "commentaries" and "rants" (these aren't qualified enough), Mario has been calling his haters and people that dislike him out and has been "grounding" his haters using his alts, which will be explained in a future chapter.
This is not noly a rant, but this is calling you out.

Rule 12 is also hypocritical, he's been "Spyscribing" at times. Rule 21 is no less the same.



Rule 14 is also hypocritical, he's been calling people and things he hates "GAY". A guy under the name "Windows NT 3.51 Server" was called "NT GAY" by Mario, though Mario deleted his comment.
He likes to break rule 24, his "Person IRL" slop is stolen.
And also, if rules 25 and 26 are about guidelines, then don't use YouTube. You ACCEPTED the guidelines by using YouTube in the first place. If you don't like them, you can quit and never come to YouTube again.

Chapter 4 - His Alts

As the title says, he has a billion alts to "hide" his identity. His alts are as it follows:
CharlieAndMadokaYESBanditBoobaAndDoodaNO, MARXPAndTimmyTurnerYES DokiAndMrKrabsNO, CaillouAndMaggieYES RosiaAndBartNO, Female Mario and Windows XP 2012, HildaandHilbertYES (Copycat) and others.
Why are they alts? They act like him and MATTYESDAMKN even links MARXP's channel. CAMTBBADN makes irl slop similar to Mario and Caillou&Maggie are the same characters seen in his DeviantArt.
His alts are either to cyberbully, hide his identity or to fufill his wishes.

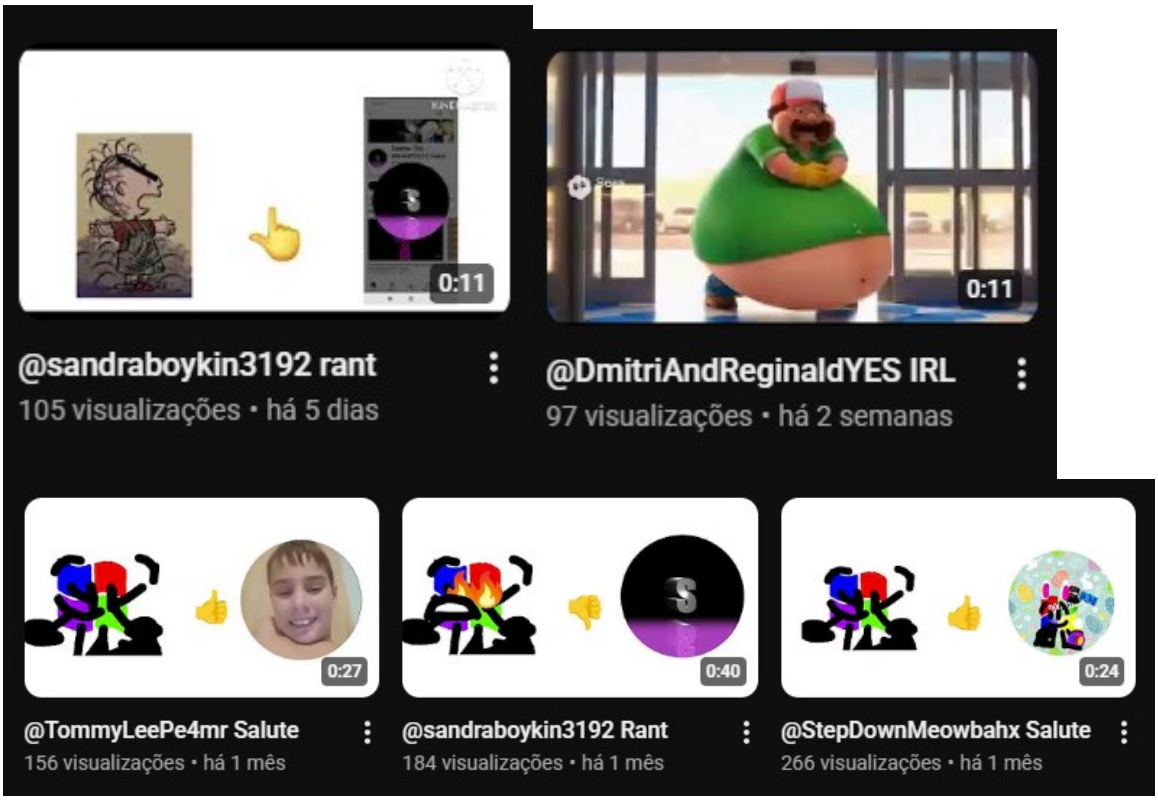
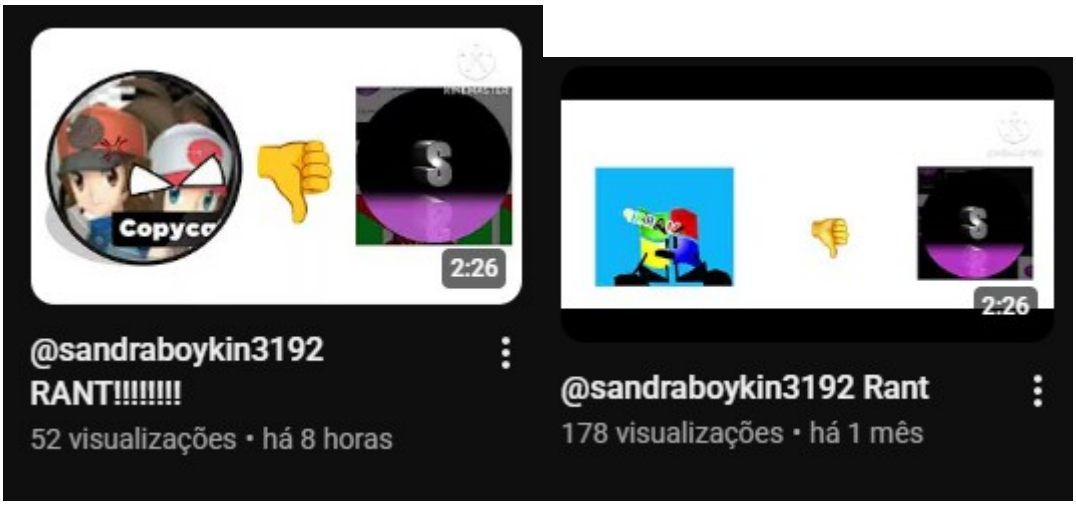
The images from this chapter are his known alts.
How do I know these are his alts? Their videos are the same as Mario's.





As you can see here, all of the videos are made by at least one of these. Do you notice a pattern? They all "rant" on the same YouTube channel " Sandra The MAWXP2012 Hater", also known as "@sandraboykin3192".

Now onto the real meat and potatoes....

Chapter 5 - Homophobia

This is the chapter that made us want to write this document in the first place. He calls things he hates "Gay", and he also called the same guy I talked about earlier Windows NT 3.51 Server "NT GAY" (as I explained in Chapter 3). Here are some posts about calling things he hates "GAY" and why he hates "GAY":

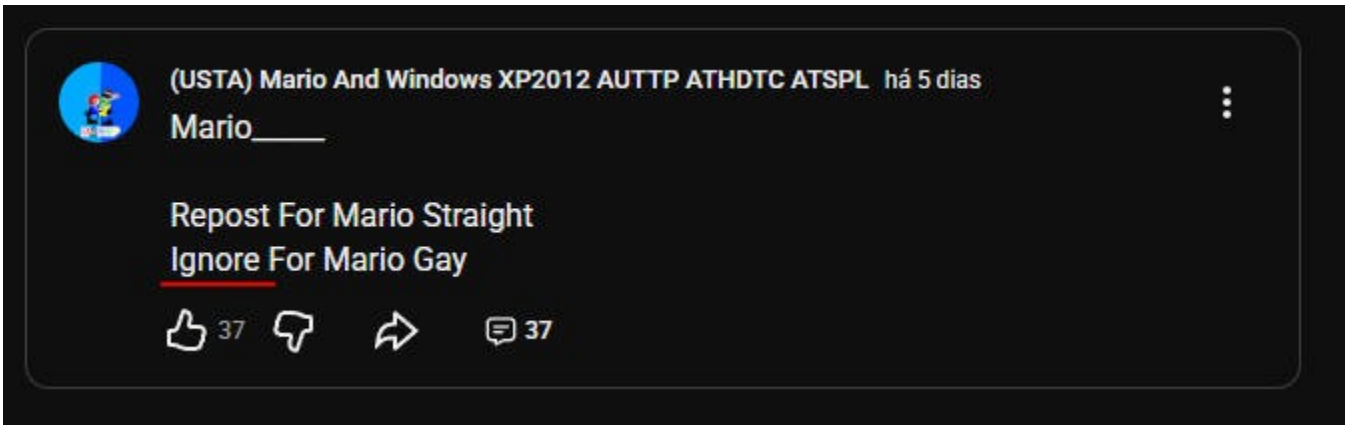
(USTA) Mario And Windows XP2012 AUTTP ATHDTC ATSPL há 5 horas

Classic Caillou Gay (LOOP THIS POST)

STAY MAD @Terminatedalldwldiubers And @classiccaillouandclintyescha1466



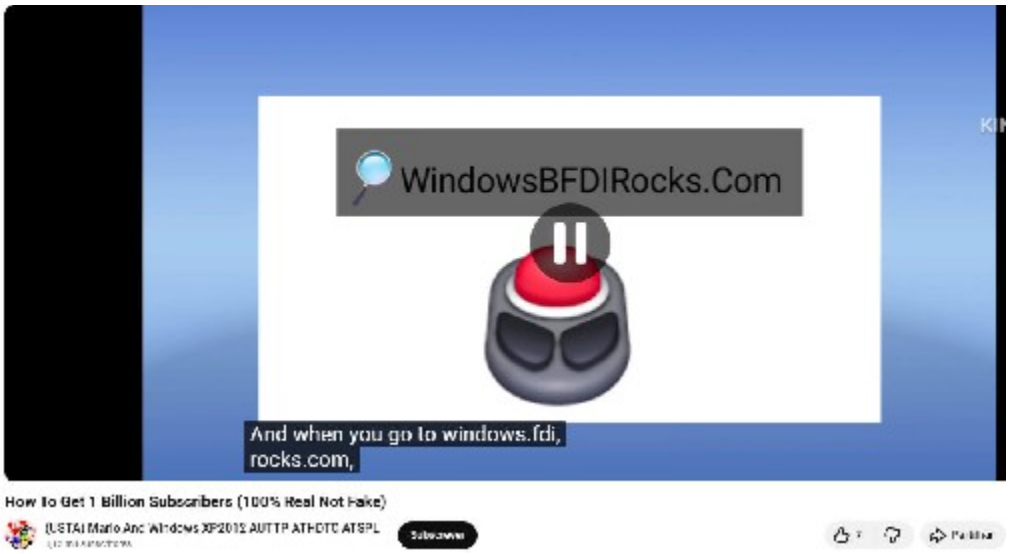
By the "ignore", we can assume he hates gay people in general and by the fact that he calls things he hates "gay".
Also his alts do the same posts, like "Commander Gay".

Chapter 6: Scamming and Death Threats

This one is slightly complicated, but we'll run through it. Some of the readers may question "What death threats?" and "How did he scam?" Well, dear reader, I have undeniable evidence for you.

Chapter 6.1: Scamming

This one's simple. He has two videos on "how to get 100 billion robux" and "1 billion subscribers". These are scams, if it isn't already obvious.



If you tried to get to the website, you'll realize that it doesn't exist. Same for the 1 billion subscribers video, except the domain is different.

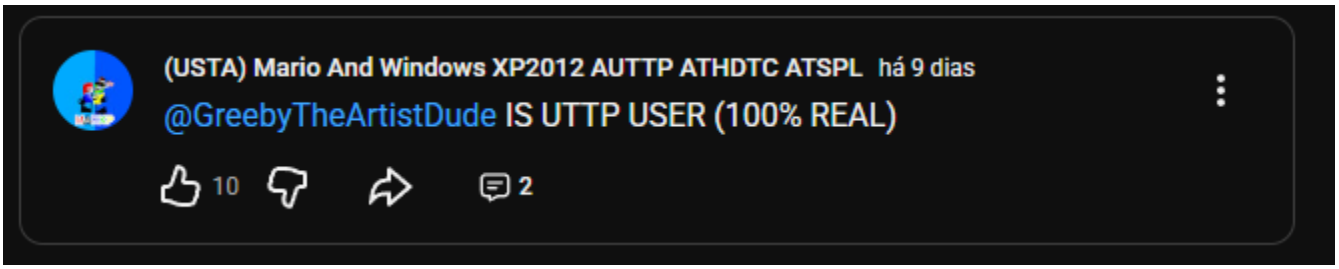
Chapter 6.2: Death Threats

Now we're in the juice of the document: The death threats. MARXP wants to kill people, with undeniable evidence from the scam videos, explaining why both are in the same chapter.

As you can see, he wants you to end the lives of 4 people that he hates. While they're ragebaiters (except for the 1st guy being PaperLuigi99 which did downright bad videos), it's still cyberbullying AND sending death threats. Death threats are a crime. Doesn't matter if it's some sick joke, death threats are a criminal offense.

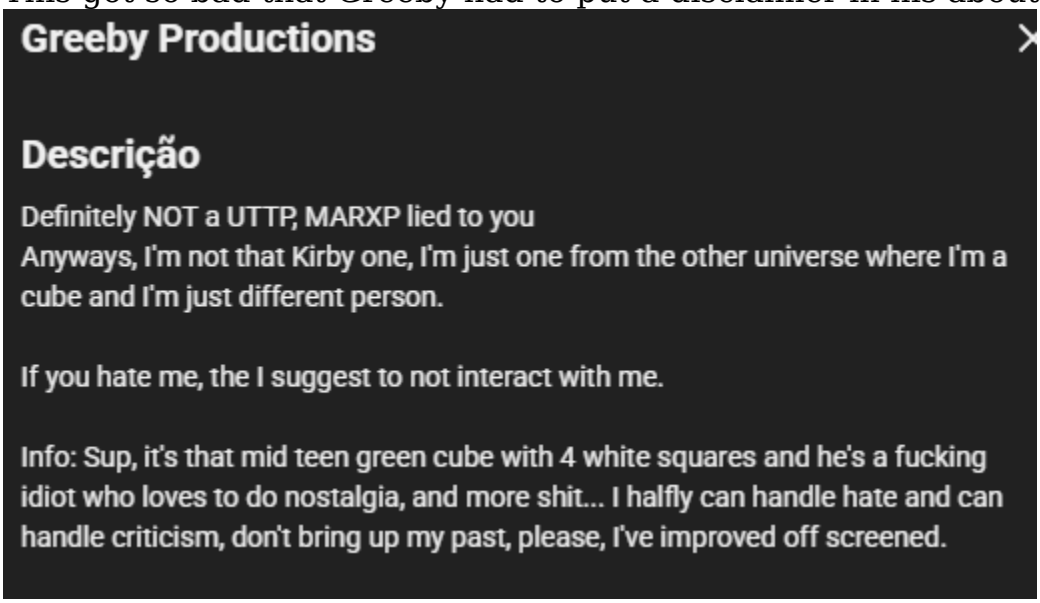
Chapter 7: Accusations

MARXP has been falsely accusing people that hate him as part of the YouTube Group "UTTP", when they're not. This happened to a person that goes under the name "Greeby Productions".



the post

This got so bad that Greeby had to put a disclaimer in his about section:



Final message

This ends the document. Mario, you brought this to yourself. You KNEW this day would come. Don't even try hiding it, this is undeniabke evidence. If this isn't enough, we'll release those further to make more people aware of what you did. Mihajlo is speaking the truth about you. Sandra knows what's right and what's wrong. Who doesn't know what's right and what's wrong? MARXP. If the reader is MARXP, you need to rethink about your actions. Oh wait, don't even think, by the time you read the docs will spread like wildfire with nothing you can do about it. We hope your fans realize this and burn the cold blindfold of lies that you gave them.
If the reader isn't MARXP, spread this document as far as you can. Together, MARXP's reign will fall.
